

Miller Scorpion Personal Fall Limiters (EUR)

An affordable alternative to shock-absorbent lanyards - the lightweight 9-ft web retractable requires less fall clearance.

Overview

Key Features

Features:

- Increased comfort of use : light and compact.
- Freedom of movement : 2.8m working capacity
- Security : Quick activating locking system arrests a fall within centimeters.
- Self retracting webbing system eliminates the risks of tripping
- Versatility : Can be directly connected to the harness D-ring and used like a traditional fall arrest lanyard

Benefits : Extremely robust and lightweight, the Scorpion PFL features a fall indicator, corrosion-resistant internal parts, stainless steel and aluminium body and high impact polymer cover.

Recommended Industries/Use

- Construction

Hazards

- Fall from height

Regulations

- - Conforms to EN360
