

WATERPROOF Gas Mask Bag

Item Number: 12403-YP

Description: Gas Mask Bag,
YKK Zipper

Dimensions: 8" Width x 10.5" Height
x 6" Depth, 500 in.³

Fabric: Airtight, double Polyurethane-
coated 420 denier nylon, embossed on
outside layer.

Closure: YKK Waterproof Zipper

Features:

- Oral inflate/purge valve
- 1000d Cordura inner chafe liner
- Removable drop-leg strap
- ALICE/MOLLE style attachment loops

Fit: M-45 Gas Mask and spare filter
cartridge. Bag can be used with
removable drop-leg attachment or
zip-tied/ALICE-clipped to belt.

Note: It is recommended that item
12900, Watershed® Repair and
Maintenance Kit, be purchased
along with each set of bags ordered.

GSA Contract No: GS-07F-5723P

KODIAK WATERPROOF **Backpack**

Item Number: 12400-YP

Description: Kodiak Large Backpack, YKK PU Zipper

Construction: Radio frequency-welded seams.

Dimensions: 28" Width x 38" Height x 18" Depth, 18,000 in.³

Fabric: Airtight, double Polyurethane-coated 840 denier nylon, embossed on outside layer.

Closure: YKK Polyurethane Waterproof Zipper

Features:

- Oral inflate/purge valve
- Removable padded shoulder straps
- Lug handles
- Over the top load compression straps
- 46" semi-circular opening

Fit: Drop-in pack accepts Bergan's, Large ALICE, or similar large packs, along with H-gear.

Rugged all-welded construction and portability make this bag perfect for swimming and OTB operations. This is not a rigid frame backpack, but the removable padded straps, test-rated to 150 lbs. each, make it a good short range carry pack. Straps can be removed and bag used as a large drybag.

Note: It is recommended that item 12900, Watershed® Repair and Maintenance Kit, be purchased along with each set of bags ordered.

GSA Contract No: GS-07F-5723P

WATERPROOF Patrol Pack

Item Number: 12400-ZD

Description: Waterproof Patrol Pack, ZipDry[®] Closure

Construction: Radio frequency-welded

Dimensions: 18" Width x 24" Height x 10.5" Depth, 4500 in.³

Fabric: Airtight, double Polyurethane-coated 420 denier nylon, embossed on outside layer.

Closure: ZipDry[®] interlocking closure, submersion-rated to beyond 66' depth.

Features:

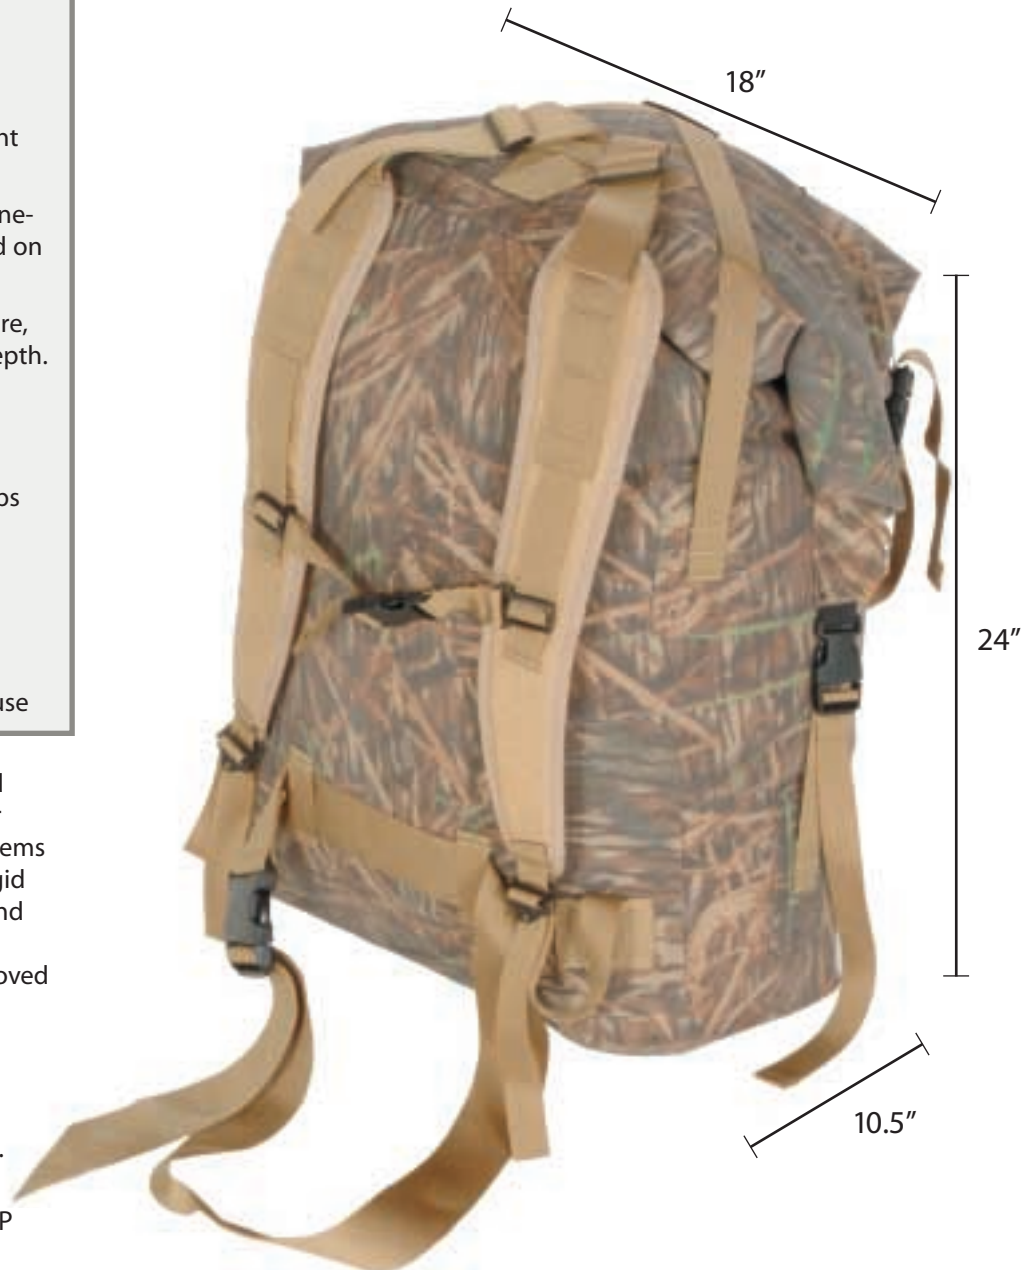

- Oral inflate/purge valve
- 1000d Cordura inner chafe liner
- Removable padded shoulder straps
- Lug handles
- Removable webbing waist belt
- Over the top and side compression straps
- 2 stainless steel d-rings

Fit: Medium backpack for 2-3 day use

Rugged all-welded construction and portability make this bag perfect for overnight gear, food, and sensitive items in wet environments. This is not a rigid frame backpack, but the waistbelt and padded straps make it a good short range carry pack. Straps can be removed and bag used as a drybag.

Note: It is recommended that item 12900, Watershed[®] Repair and Maintenance Kit, be purchased along with each set of bags ordered.

GSA Contract No: GS-07F-5723P

4,500 in³, 73.7 liters

WATERPROOF Weapons Bag

Item Number: 12300-ZD

Description: Weapons Bag, M4-M60, ZipDry[®] Closure

Construction: Radio frequency-welded

Dimensions: 16" Width x 42" Length, tapers to 10" Width, folds to 34" Length.

Fabric: Airtight, double Polyurethane-coated 420 denier nylon, embossed on outside layer.

Closure: ZipDry[®] interlocking closure, submersion-rated to beyond 66' depth.

Features:

- Oral inflate/purge valve
- 1000d Cordura inner chafe liner
- Removable padded shoulder straps
- Lug handle, hang loop, over the top compression strap

Fit: One roll-down, M60, M16, similar size weapons; two roll-downs, M4 and similar size weapons.

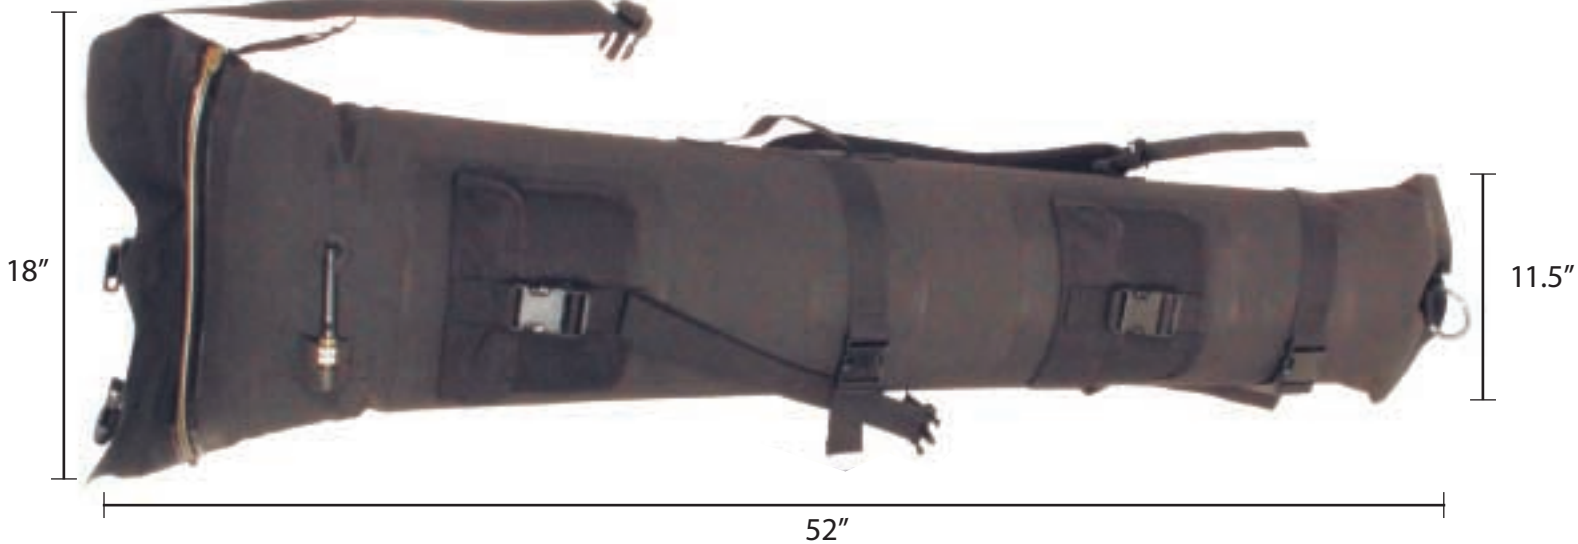

Available Colors: Smoke Green, Black, Shadowgrass Camo

Rugged all-welded construction and portability make this bag perfect for swimming and OTB operations.

Note: It is recommended that item 12900, Watershed[®] Repair and Maintenance Kit, be purchased along with each set of bags ordered.

GSA Contract No: GS-07F-5723P

WATERPROOF Weapons Bag, Long

Item Number: 12301-YP

Description: Weapons Bag, Long
YKK PU Zipper

Construction: Radio frequency-welded

Dimensions: 18" Width x 52" Length,
tapers to 11.5" Width, folds to 45" Length

Fabric: Airtight, double Polyurethane-coated 420 denier nylon, embossed on outside layer

Closure: YKK PU Waterproof Zipper

Features:

- Oral inflate/purge valve
- Removable padded shoulder straps
- Lug handle
- 2" stainless steel D-ring
- Over the top and side compression straps
- Mesh weight pockets
